

MD SAHIL

SOFTWARE ENGINEER | FULL-STACK & SYSTEMS DEVELOPER

Kolkata, West Bengal, India | +91 8478028757 | mdsahil823205@gmail.com

Portfolio: [portfolio.sahildev.workers.dev](#) | GitHub: [github.com/mdsahil823205](#) | LinkedIn: [linkedin.com/in/md-sahil-101805257](#)

PROFESSIONAL SUMMARY

Analytical and results-oriented **Software Engineer** and BCA undergraduate (**CGPA: 8.41/10**) with proven expertise across full-stack architectures, modern JavaScript ecosystems (MERN), RESTful API development, and AI-assisted workflows. Demonstrated track record in building production-ready web applications, optimizing database queries, and conducting systematic root-cause analysis (RCA) within Agile sprint cycles. Strong communicator with multilingual fluency (English, Hindi, Bengali) and structured technical documentation capabilities. Adaptable, disciplined, and immediately available to contribute to high-impact development teams, enterprise systems, and scalable cloud environments.

TECHNICAL SKILLS & COMPETENCIES

Frontend Development:	React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design, State Management
Backend & Databases:	Node.js, Express.js, RESTful APIs, MongoDB, JWT Authentication, RBAC, Database Schema Design, CRUD Operations
DevOps & Infrastructure:	Git, GitHub, Docker, Linux Environment, CI/CD Fundamentals, Postman, Cloud Deployment (Vercel, Cloudflare)
AI Engineering & Tools:	LangChain, LangGraph, Retrieval-Augmented Generation (RAG), Gemini API, Prompt Engineering, AI Workflows
Engineering Practices:	Agile/Scrum Methodologies, Root Cause Analysis (RCA), Code Optimization, Unit Testing, Technical Documentation
Soft Skills & Strengths:	Cross-Functional Team Collaboration, Problem Solving, Critical Thinking, Time Management, SLA Compliance

PROFESSIONAL EXPERIENCE

Euphoria GenX — Software Engineering Intern (Skill Development Program) Jul 2025 – Sep 2025 | Kolkata, India

- Architected and implemented responsive full-stack modules for the **ZenTask Productivity Dashboard** utilizing **React.js, Node.js, Express.js, and MongoDB**, improving UI rendering performance by **28%**.
- Implemented secure **JWT-based authentication** and role-based access control (RBAC), preventing unauthorized access and ensuring zero security vulnerabilities.
- Conducted systematic debugging, unit testing, and root-cause analysis (RCA) on core backend services, maintaining **100% adherence to sprint deadlines and quality metrics**.
- Actively participated in daily Scrum ceremonies, code reviews, and structured API documentation to maintain alignment across the engineering team.

FEATURED PROJECTS

Archon Ai — AI-Powered Website Generation Platform [Live Demo](#) | [Source Code](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, LangChain, Gemini API, OpenRouter

- Engineered a full-stack platform converting natural language specifications into responsive, production-ready frontend code with instant interactive browser previews.
- Integrated multi-model LLM streaming pipelines and resilient error-handling fallbacks, achieving **sub-3-second code compilation latency**.

Sync Space — Real-Time Team Collaboration Suite Full-Stack Application

Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, REST APIs

- Designed and built a centralized collaborative workspace featuring real-time project management dashboards and low-latency interaction interfaces.
- Structured indexed MongoDB schemas and optimized REST query pipelines, eliminating data concurrency bottlenecks under concurrent user sessions.

Perplexity Clone — Conversational AI Search & Discovery Engine AI Application

Tech Stack: React.js, Node.js, Tailwind CSS, REST APIs

- Developed an intelligent search portal utilizing conversational retrieval workflows, automated citation structuring, and a clean, responsive user interface.

EDUCATION

Bachelor of Computer Applications (BCA Hons.) — MAKAUT University, West Bengal **Expected 2027 | Current CGPA: 8.41 / 10**

Higher Secondary Examination (Class XII - Commerce) — WBCHSE **2022 | Score: 76.6%**

ADDITIONAL DETAILS & AVAILABILITY

Languages: English (Professional Working Proficiency), Hindi (Fluent), Bengali (Native)

Relocation & Flexibility: Open to On-site, Hybrid, and Relocation

Work Authorization & Availability: Immediate Joiner (Zero Notice Period)

Professional Focus: Full-Stack Development, System Architecture
